Re: Request for Time Extension for Storage of Debris in Waste Boxes at the Full
Container Storage Area at the Idaho CERCLA Disposal Facility (ICDF)
(FMDP-RFDP-06043)

Dear Mr. Jensen: *Nolan*

The purpose of this letter is to grant the specific time extensions as described and requested in your referenced letter. As stated in your letter, the extensions are necessary to allow time to regain authorization from Energy Solutions of Utah for the shipping and disposal of this waste.

As noted in your letter, DOE will expedite the disposition of all of these containers once approval has been granted by Energy Solutions for further shipments. Please keep Dave Einan of my staff informed of your progress toward getting approval. He can be reached at 509-376-3883 or einan.david@epa.gov.

If you have any questions, please call me at 509-376-9529.

Sincerely,

A handwritten signature in black ink, appearing to read "Nick Ceto".
